### Hallelujah, what joy!

But step by step. First, we would like to thank all of you for all the encouraging words. Be it by phone, WhatsApp, mail or even personally, which you have sent us before we left. We enjoyed the time in Switzerland with all of you very much.

In mid-January, we left our snow-covered village Lenk. Only two days later we arrived save in Pucallpa in the Amazon. It was very humid, but not so hot as it rained daily. It was a bit stressful until all the mosquitoes had greeted us and we got used to their presence again.

The suitcases were not yet unpacked, Beat packed again for the next trip. More later on. Currently we are in a conference week. We have a new cook trained and the preparations for the new Bible course are in full swing.

It's a lot of work, many sessions, always new challenges. But we are very thankful, the atmosphere on the station has noticeably relaxed. All focus on the work or rather the kingdom of God.

Dorothea will get more involved in the health ward in the next Bible course. Besides the work in the IT and of course family. In the IT they started a difficult project. A retired database specialist from Switzerland helps us to bring our database from the 90s up to date.

The children did not leave Switzerland easily. It bothered them to leave their dear family and friends behind. Thank God back at the station, they quickly regained their footing. With the new teachers and interns they are happy and they enjoy the liberty that reigns here.

Overall, we are very grateful for all the experiences we are allowed to make here. And with your support, we are happy to have another term in front of us.

May the love of God, which surpasses all reason, be with you.

With kind regards and God's blessing  
Family Aregger

### A warm welcome

The suitcases were not yet unpacked, Beat went back to Pachacutec to the Awajun. It was a warm welcome. You remember, this is the village where up to 50 suicides have happened every year for more than 40 years. In recent years, suicides have reduced to 30-40. Also, it was no longer possible to use the football field, as the players subsequently suffered from strange diseases. It was a curse under which every family suffered. Every family had 1 to 4 suicide victims to complain. Various families had already left. Others were in preparation. Last year we summoned the whole village together for a day of fasting and prayer that this curse shall be broken. And indeed, God hears prayers !!!

For more than a year now, there has not been a single suicide. Hallelujah !!! A wonderful miracle before our eyes, and everyone in the village can testify. As an obvious sign that the curse is broken, the football field applies. They are playing again. We and the people of Pachacutec are grateful to all of you for all your prayer support. And we know from many of you that you have been in prayer for this village.

Once again, we did a bible study and were able to experience wonderful touches. For two weeks, the Spirit has repeatedly guided us to the themes of faith, faithfulness, and reconciliation. And probably not coincidentally, there was a huge breakthrough on fasting day. For an hour, the love of God flowed into the hearts of men and all had the great desire to reconcile with God and man. For just under an hour, people were crying and converging, trying to remove old and new tensions and injuries. I sat there like a dreamer. It was a dimension of reconciliation for me that I did not know. I was deeply moved and thankful for God's work.

We are thankful if you continue accompanying these brothers and sisters in prayer.
