SEEDAMM PLAZA – the event hotel at the top of Lake Zurich

One factor in the success of the SEEDAMM PLAZA, opened in 1998, is its excellent location directly next to the Frauenwinkel **nature reserve on the upper part of Lake Zurich**. It offers unobstructed views of the lake, hills and Alps and is easy to reach by public and private transport. The local recreation area offers wonderful hiking trails along the lake or up the surrounding hills.

Exotic food and drink to suit your mood

Exceeding the expectations of its guests; that's the programme for the SEEDAMM PLAZA team. And that also applies to the diverse culinary offerings. The gastronomic oasis located in the heart of the building, with restaurants, bar, a summer terrace, lounge, a wine room, BBQ place, gaming room and event hall and more, offers the right choice at any time of day or evening. Regional, international, Mediterranean and Japanese.

If you need some thrills, you can try your luck at the **Casino Pfäffikon**, placed in the same building, where 11 gaming tables and 155 slot machines are available.
