Charity takes fire station bid to top

A little-known charity desperate to buy Clerkenwell fire station wants to take its campaign all the way to Sadiq Khan. Water Incorporated hoped to move its offices into the Grade-II listed building but was told it was no longer on the market. It has now asked City Hall for permission to hand Sadiq Khan a 1,100-strong petition asking him to re-open bidding. Maintaining the station still costs thousands each year.
