

GRAPHIC DESIGNER

Hello, I'm Tiina Kosonen.

Originally I am from Finland but I have lived pretty much all my life in Switzerland. Traveling is one of my passions, right now I am in Bali. I guess I have too many passions to settle on just one. So I had been working on and of in restaurants as well. I like the different environment, people around me, standing and not just sitting behind the computer.

FREELANCE GRAPHIC DESIGNER

I have my on little 2 companys for graphics and the other one is a little clothing company, many producing surf bikinis.

- I am having an enormous amount of fun working on my small companys and have learned a lot what it all takes to organize.
- During my brand project I came to realize what it needs to get a product from the cradle to the grave, meaning, to see that it all starts with a faint idea that finally ends up on the market.
